

SUPERVISION POLICY

Supervision is an integral part of the whole care and education experience. *“At its most basic level, supervision helps to protect children from hazards or harm that may arise in their daily experiences in play, interactions with others, and daily routines.”* (Victoria Department of Education and Training, 2010, p.1). Effective supervision allows educators to actively engage in play and leisure opportunities that are meaningful to children and support their wellbeing, development and learning.

PURPOSE

Out of School Hours Care (OOSH) educators have a duty of care to ensure children are actively supervised at all times, maintaining a safe and secure environment adhering to Education and Care National Law and National Regulations. Supervision for children in OOSH requires educators to cater for a wide range of ages and abilities and requires flexibility and organisation to ensure thoughtful design and arrangement of children’s environments, assists in the prevention and severity of injury to children. Effective supervision of children provides educators with the opportunity to support and build on younger children’s play experiences whilst supporting older children’s independence.

Educators will actively supervise children, identifying risks and taking all necessary steps to prevent or minimise injury in a range of situations including, transitioning children between school and the Out of School Hours Care (OOSH) Service and whilst transporting children to and from the OOSH Service. Effective supervision of children provides educators with the opportunity to support and build on children’s play experiences. Our Service will ensure no child or children are left alone with a visitor, student or volunteer.

This policy applies to children, families, staff, educators, approved provider, nominated supervisor, students, volunteers and visitors of the OOSH Service.
